### Everyone is "Good Enough" for a League. Here's WHY !

Bowling Leagues use a Handicap Scoring System, to allow for bowlers of different ability levels to compete fairly within the same league.

For example a league that uses a 100% of 210 system would work as follows. A bowler who averages 140 will receive 70 (210-140) bonus pins (pins of handicap) added to their score. A bowlers average and handicap will be adjusted each week based on the overall score and number of games bowled. The computer scorers will calculate your handicap for you. Your job is to just have FUN!

# FREE Ball for New Viking Lanes League Bowlers\*

## Why does Viking Lanes offer this free ball program?

To help encourage casual infrequent bowlers to give league bowling a try and to help current leagues find new bowlers and teams. A new bowler fitted with their own ball will improve at a faster pace and will enjoy the sport more versus having to struggle using a house ball that is not fitted for them.

**When do I get my new ball? New bowler balls will be given out at half way point of your league.**

*What if I want my ball sooner? It is doable, NO worries just pay a \$20 rush fee, then your ball will be ordered right away and be available to you within 10 days. Why do I have to pay a rush fee? We are able to get a better price from the supplier if all balls are ordered at same time. When orders are placed individually for rush orders the cost is considerably more.*

\*A new bowler is defined as a bowler who has not bowled in a Viking Lanes, Park Lanes, Forest Hills Lanes, Cherry Bowl or Don Carter Lanes league in past 4 years.
